

B.E.A.R

Baywood Hotels will partner with local and regional children's organizations in the coming months.

B.E.A.R. - Baywood Hotels' Education And Reach Initiative

Have you ever wanted to make a change in your community?

BEAR – Baywood's Education And Reach Initiative – may help you do just that! Recently, a board member was selected to represent each region (Florida, Texas, Maryland, Virginia, and Corporate). These board members and YOU will assist BEAR to make an impact in communities across the country.

Your regional board member needs your help! He or she will be reaching out to you for valuable feedback.

For our first event, BEAR will be working with a children's organization in all regions.

If you're currently involved with an organization that supports children in any way, please share your experiences with your regional representative.

Using this feedback, each region will come together to positively impact children where we work and live.

We hope to hear from you soon!!

Board Members

Beau Athia - Chairman
Barbara Reed - Director, Baltimore
Cindi Rampulla - Director, Virginia
Gina Ruiz- Director, Texas
Jennifer Misner - Director, DC
Leila Aviles- Director, Florida

Our Mission: BEAR by Baywood Hotels strives to enrich the lives of individuals and families where we work and live. The vision and core values of our foundation are to educate and support initiatives to positively impact our communities.
